

Hello, thanks for downloading this **The Darkness 2 Cheats & Codes** guide.

You can get your **The Darkness 2 Cheats & Codes Guide** Here:

<http://sharecash.org/download.php?file=2671537>

Don't worry its still free.

Really sorry to have to do things this way but buying all these Cheats and Codes and then scanning them to make a pdf as soon as they come out costs a lot of cash and I can no longer afford to keep doing it. So I need you guys to help support this service by taking

just 10 seconds to enter a free online contest.

Just follow the link and fill in one of the offers .

Anyway the idea is that it makes me a little cash (enough to cover my expenses), you keep getting these **The Darkness 2 Cheats & Codes Guide** as soon as the games come out, for free, in the quality you have become accustomed to, and you even get the chance to win some great prizes.

I repeat it will cost you nothing, and you will have your guide in seconds. Thanks for your support, and thanks for **The Darkness 2 Cheats & Codes Guide** alive.
